

Mother, Will You read to me...?

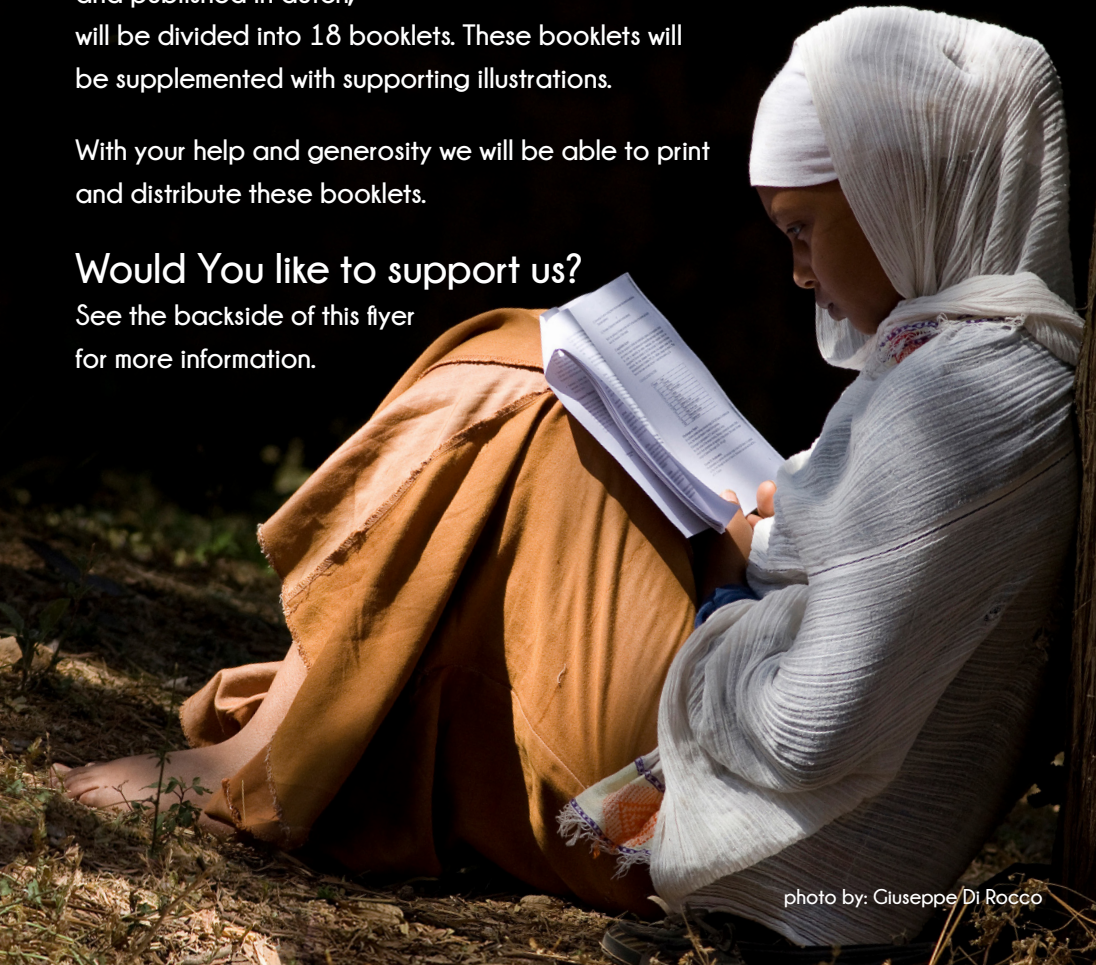

This a very common question for a lot of families. Unfortunately in Malawi this is not the case. A lot of women and children barely can or never have learned how to read.

We would like to introduce Gods word to those women and children in a simple approach through translating children's Biblical stories into their own language, in Chichewa. These children's Biblical stories, originally written by Laura Zwoferink and published in dutch, will be divided into 18 booklets. These booklets will be supplemented with supporting illustrations.

With your help and generosity we will be able to print and distribute these booklets.
